

Acoustic Sealing Solutions

Solution for Fire-Rated Proprietary Door to Achieve Rw30

Double Leaf / Single Swing

LE1212 / FDMS-TP / IS8010si

Description

LE1212 perimeter seal - retrofit curved-fin Batwing seal with proven smoke & acoustic performance.

FDMS-TP fire-rated meeting stile seal - T-Bar meeting stile seal. (Sequence selector required).

IS8010si automatic door bottom seal - medium duty, fully-mortised automatic door bottom seal.

Application

This sealing combination suitable for typical double entry & passage proprietary fire doors for apartments, hotels, motels & aged care facilities where a sound insulation minimum of Rw30 is required.

* Shown with an IS4130 threshold plate to provide an optimum sealing surface for door bottom seals.
